With the theme "Man, power and love" we present a number of exciting performances for adults from Denmark, France, Norway, England, the Czech Republic, the USA, the Netherlands and Israel.

There are many different performances for children of all ages. Here the theme is "Love". Also visit the popular puppet workshop for all children — and their adults!

All public schools in Silkeborg are offered a performance.

The complete program will be presented at [www.festivalofwonder.dk](http://www.festivalofwonder.dk) no later than 7 September. Ticket sales open on 15 September. Tickets via the festival's website [www.festivalofwonder.dk](http://www.festivalofwonder.dk).

All in all, we present 59 performances for children and their families, and 22 performances for adults. There is also a puppet workshop, Master Class, a conference, a concert, exhibitions, films and backstage talks.

Festival of Wonder is the largest family event in Silkeborg, and the largest festival in the Nordics within the genres of puppet, object and visual theatre.
